Subject: Microsoft settlement

Hello Ms. Hesse,

Please include my Emil in the file in "protest" of Microsoft's proposed settlement

I am sure you have heard them all. To allow this would be a gross travesty of justice in regard to the millions of consumers & businesses that benefit and adhere to the law, not because they don't have billions to fight such a suit. But because there collective conscience tells them it's the right thing to do. Thanks for your time.

Best regards,
